

SHERBORN LIBRARY RENOVATION UPDATE

February 2021

Good news for 2021! With the installation of the new windows and the interior work pushing forward the renovation has been moving forward at a steady pace. The exterior of the building is nearing completion with structural and decorative updates. We are posting pictures of the progress to give those in the community a chance to see the work and the light at the end of the tunnel. The Library staff and the trustees are working on a reopening plan to make sure the Library is operational on day one. Due to COVID-19 restrictions, there will be more details to explain access and safety protocols being put in place. There's a lot of work left to do, and we can't wait to welcome the community into the new space!
